

Viral Justice: How We Grow the World We Want (Hardcover) | The Booksmith

By Ruha Benjamin

October 4, 2022

Long before the pandemic, Ruha Benjamin was doing groundbreaking research on race, technology, and justice, focusing on big, structural changes. But the twin plagues of COVID-19 and anti-Black police violence inspired her to rethink the importance of small, individual actions. Part memoir, part manifesto, *Viral Justice* is a sweeping and deeply personal exploration of how we can transform society through the choices we make every day.

Vividly recounting her personal experiences and those of her family, Benjamin shows how seemingly minor decisions and habits could spread virally and have exponentially positive effects. She recounts her father's premature death, illuminating the devastating impact of the chronic stress of racism, but she also introduces us to community organizers who are fostering mutual aid and collective healing. Through her brother's experience with the criminal justice system, we see the trauma caused by policing practices and mass imprisonment, but we also witness family members finding strength as they come together to demand justice for their loved ones. And while her own challenges as a young mother reveal the vast inequities of our healthcare system, Benjamin also describes how the support of doulas and midwives can keep Black mothers and babies alive and well.
