

Housing Advocates Release Database of Serial Evictors for Tenants | Vice

By Edward Ongweso Jr

November 17, 2022

On Tuesday, the Anti-Eviction Mapping Project (AEMP)—a data visualization project focused on documenting urban displacement and resistance—unveiled a new tool: the [Evictorbook](#), a database of corporate landlords in San Francisco and Oakland that identifies evictors, their shell companies, additional rental properties, and eviction patterns.

[...]
